EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claims 5 and 14, please move the depiction of a chemical compound and its accompanying Roman numeric designation to beneath the first occurrence of the phrase "general formula" in each claim.

The above amendment was deemed necessary only to properly place the formula after the first mention of a formula in the claim.

Applicant has, based on an indication of allowable subject matter in claim 6, amended claim 5 to include the limitations of claim 6 and, also, has changed the dependancies of several claims so that they are now either directly or indirectly dependant from claim 5.

As stated before, while *Papa* teaches a product similar to that in formula (I), and within the confines of a larger composition that may contain a pigment, the quantities of the materials that the Examiner has asserted are equivalent to the pigment, dispersing resin, and modified polysiloxane are not in line with those mandated by the claim nor

would it have been obvious to modify the invention taught by that reference in the manner necessary to arrive the presently claimed invention.

Further search for a polymer adhering to formula (I) did not yield a reference(s) more germane than those already cited during this prosecution. Accordingly, claims 1-5, 7-12, and 14 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marc S. Zimmer whose telephone number is 571-272-1096. The examiner can normally be reached on Monday-Friday 8:00-4:30.
